TOTALS													

INSTRUCTIONS: For each customer purchasing complete one line on the form entering customers name, address and phone. Enter the number of products desired under each product column A-F. Sub-total the number of items from columns A-F in column G. Multiply those number of items x \$22.00 and write the subtotal amount of sale in column I. Add total of Hams at \$25 each from column J with column I and place amount due in column K. Collect the total amount due listed in column K from the customer at the time of sale. Make checks payable to the organization.
